

# In The Swim

Autumn' 19

EPOTEC  
The Proven Pool Coating

## The all NEW EPOTEC NT in Australia.

Epotec New Technology (NT) is starting to gain traction and very positive feedback from both the DIY and Contractor user.

They like its ease of application, the high opacity and the final result.

And the cost plays a part, Epotec NT is just as good a value as the earlier Epotec HB, with 25 plus years of success.

Getting a finish that looks good is vital and the time and energy to do it, is the question. With Epotec NT, it rolls or brushes out so well, leaving a high build film, usually in just 2 coats. On porous surfaces a primer is recommended.

The depth and intensity of colour is also amazing, especially with the darker blues.

Epotec NT maybe just what you and your pool need. Talk to us.

A previously epoxy painted pool gets the DIY make over with Epotec NT, Bondi. After a high-pressure detergent wash.

Careful sanding to remove any loose paint and prepare the surface.

Application of the 1<sup>st</sup> coat, in Bondi. Note how it obliterates the dark blue dolphins almost completely in one coat.

Recreating the dolphins with Epotec NT  
Royal Blue

Finished with Epotec NT Bondi (Mid Blue). Ready to enjoy.

Enjoyment time, for season after season. Epotec NT  
is the right answer for this pool and many others.

Here are some other pools protected with Epotec NT. As you can see it offers an easy to  
apply, high quality finish, with great colours. There is bound to be one that satisfies your  
needs. This is with the Dincel permanent formwork system.

**EPOTEC, THE Proven Epoxy Pool (and Spa) Coating is available for your pool. Be it Fibreglass, Marblesheen, Pebblecrete or Concrete. EPOTEC will give it a new lease of life. A life that's long lasting, economic and attractive. We work with you, DIY, with your painter or an Approved Applicator for a great finish, every time. Warranty available. See our web site for helpful information and more images of EPOTEC in action [www.poolpaint.com.au](http://www.poolpaint.com.au)**
