THE Proven Hi Build Pool Coating

Stencils and murals with EPOTEC

Mick and Casey (Image Signs & Promotions P/L) from Tasmania created a stunning logo on the bottom of the swimming pool at North Melbourne supporters club. Used Dark blue (Tasman) and White to make a very presentable

stencil. They can help you with your designs as well. Professionally made stencils can create this unique look for any pool and EPOTEC NT will make it look great for many years. Get your ideas to them and you see the difference.

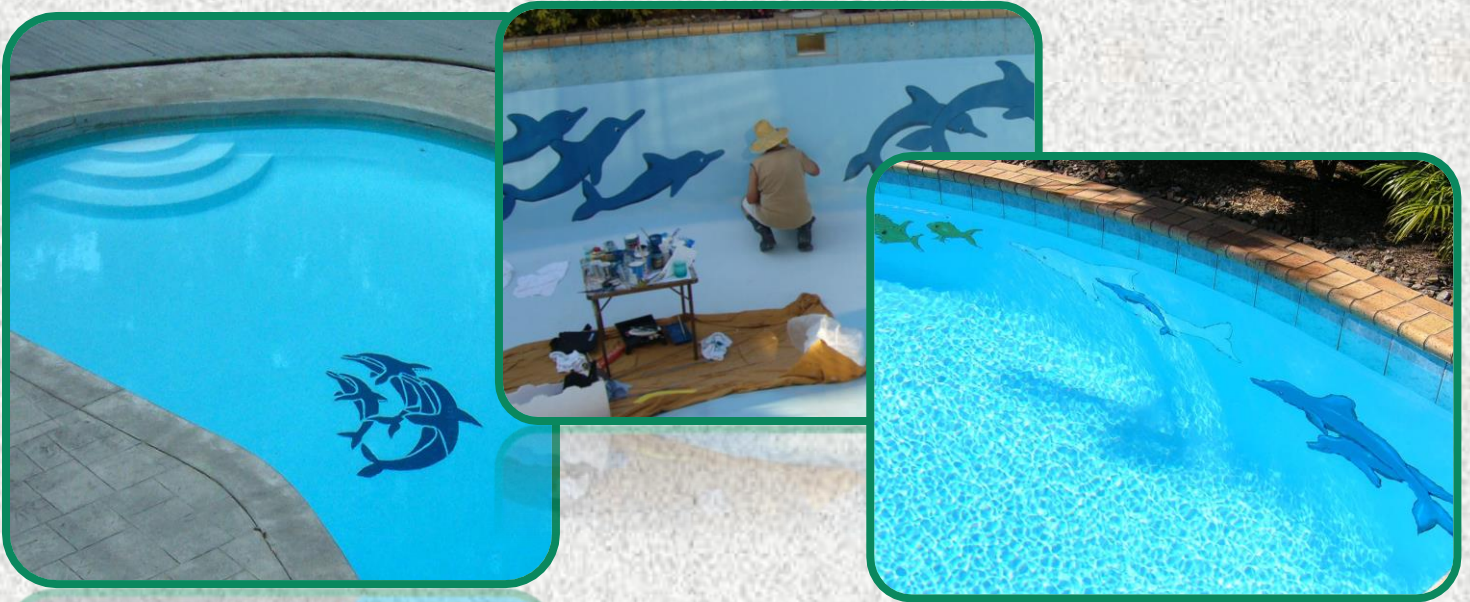

You can mix several designs and sizes for more dramatic results. Blend them into the pools' natural contours and surroundings to gain more impact.

Here is more examples of stencils and murals you can create

You can add a new dimension to the way your pool looks with Epotec and stencils to create floating images of dolphins, seahorses, starfish and mermaids...and more!

You can mix several designs and sizes for a more imaginative result. Let your imagine take over.. then you can swim with your "mermaids" daily. Motels can use Corporate Logos and be on guest holiday images.
